SUMMARY

An undergraduate student at Telkom University majoring in Informatics, with a strong interest in technology, data, and cybersecurity. As a finance staff member at Interfest, I apply analytical and organizational skills to manage financial operations efficiently. I have gained hands-on experience as a lighting specialist at Giant Production Bandung, developing creativity and adaptability in fast-paced environments. Profficient in programming languages such as Go and C++, I continuously explore emerging technologies and innovative solutions. Known for my attention to detail, sense of responsibility and problem-solving abilities. I excel both independently and as part of a team, striving to bring efficiency and Innovation to every project I undertake.

WORK EXPERIENCE

- Giant Production Bandung - Kota Bandung, Indonesia****2019 - Present**
- Throughout my time as Lighting Specialist, Cameraman, and Documentation Staff at Giant Production Bandung, I gained extensive hands-on experience working in creative and technical roles. As a lighting specialist, I managed and operated lighting setups to enhance visual quality and atmosphere for various events and productions. My role as a cameraman sharpened my ability to capture compelling visuals, ensuring every shot aligned with the project’s creative direction.
 - In addition, I handled documentation tasks, recording and archiving key moments and events in a structured and organized manner. These experiences taught me the importance of precision, teamwork, and adaptability in fast-paced environments. I also developed problem-solving skills by troubleshooting equipment and technical issues on-site, ensuring smooth production workflows.
 - These combination of roles has strengthened my ability to work under pressure, collaboare effectively with others, and deliver high-quality results in every project I take on.

ORGANISATIONAL EXPERIENCE

- Communication And Informatics Staff, Badan Berwakilan Mahasiswa S1 Informatika (BPM IF)****2024 - Present**
- I am actively involved as a Communication and Informatics Internship Staff at the Student Representative Body of S1 Informatics (Badan Perwakilan Mahasiswa S1 Informatika - BPM IF), where my primary responsibilities include documentation, managing the organization’s Instagram account, and creating designs for various campaigns and events. I play a key role in documenting important organizational activities, ensuring accurate records and archives are maintained. Additionally, I manage the content strategy and engagement for our Instagram account to effectively communicate with students and promote BPM IF initiatives. My role also involves creating visually appealing and impactful designs to support the organization’s branding and event promotions. Through this experience, I have developed valuable skills in digital marketing, design, and content management while contributing to the organization’s mission of serving the student community.
